MASTERS COMPLETED IN 2014

Nayan Prajapati

Associate Business Analyst.
Infosys Limited.

I would like to thank GCET for the constant support and learning atmosphere provided, the experience was extremely rewarding. In addition to sharpening my skills, learning from such experienced faculty members is really fruitful. I thoroughly enjoyed and learned a lot while I was at GCET. It was a pleasure to learn from my classmates too. The kind of method used by the faculty members to teach actually made us factual with the real time. I am really glad to say that I am part of this great family of GCET where learning and education is always a joy. Thanks to all the faculty members, my classmate and all those who have been a part directly and indirectly in getting the students the experience of a life time.

Palak Sheth

Engineer,
Industrial Engineering Dept.,
Lear Corporation, Halol

I consider myself very fortunate to become a part of GCET. One can remember GCET for its superb faculty and excellent course content but what makes GCET unforgettable is its culture. I have immensely enjoyed my stay here and I can undoubtedly say that these two years will be the most precious years of my student life.

Thank you GCET.

Mihir Patel

Lecturer
Mechanical Engg. Dept,
Bhailalbai & Bhikhabhai
Institute of Technology,
Vallabh Vidyanagar - 388120.

I joined my post-graduation at GCET college after 12 years of my BE. GCET College has enriched my life in many ways. It has provided me with the necessary tools to enhance my skills more, taught me valuable knowledge about this dynamic industrial world and people and concepts in general. This GCET academic atmosphere has enhanced insight to explore new research area for Ph.D. Heartily; I note here that interactive sessions have become unforgettable. All the faculties are well qualified and knowledgeable; they ever helped and guided me during needy moments. I am going to be grateful forever.

Thank you GCET to be part of my life!!!

Jaydeep Ravalji

Assistant Professor,
Mech. Engg. Dept.
Faculty of Technology,
Dharmsinh Desai Uni., Nadiad.

GCET is a temple of learning where a dark charcoal transforms into sparkling diamond. In GCET, such environment is established which helps the students to develop their personality as a whole. Guidance and continuous support of experienced faculties lead to build an exploratory approach in students. And these are the three reasons why I won gold medal as a student of M.E. in Industrial Engineering in GCET.

Afzal Alald

Assistant Professor
G H Patel College of Engineering
& Technology

I feel privileged to have spent my student life at GCET. Teachers are mostly here to help & teach. GCET is full of really bright students and best faculties. A great place for engineering education.

Thanks GCET
