REPORT ON QUIZ COMPETITION AND PRESENTATION ON BRICK MAGAZINE JAN- MARCH 2017

Department of civil engineering, GCET organized a Quiz Competition under Student Skill Development Program on 27th April, Thursday 2017. And on the same day, presentation on quarterly magazine of department i.e. BRICK magazine (Volume 1, Issue 3) Jan-March 2017 was given by students of 2nd year.

The session was started with presentation of BRICK Magazine. At first brief information about magazine was given and then Dr. khadeeja priyan (HOD) mam was requested for the inaugurating the magazine. She shared her views on magazine and thanked student contributors and all the peoples who directly or indirectly supported in completing this work. After this topic wise presentation was given by three of the 2nd year students. Which included information about Current affairs, Vibrant Gujarat summit 2017, sports, biography of “Metro man”, some of the completed and ongoing civil engineering projects in India and at the end departmental corner which includes students and faculties achievements and articles given by students.

After completion of presentation Quiz Competition was held in which, students of 1st and 2nd year have participated. The first round of quiz was held one day before, in which around 70 students participated with full enthusiasm and zeal. First round was containing 28 general questions and was written round. Top 10 students were selected for next round from each year. Quiz was continued on the next day after presentation of departmental magazine.

For next round, 5 teams having 4 members each were made. Each group had 2 students from each year. Second round was visual and rapid fire. In visual every team were supposed to identify personality and pictures of structures related to civil engineering. After this the second part of this sound was rapid fire, in which each team was supposed to answer as many questions they can in one minute.

From the score of 2nd round, three teams were selected for final round. Final round was jeopardy. There were 4 categories which were “science”, ”sports”, “entertainment”, “yeh mera india”. In each category there were 5 questions of different points like 100,200,300,400 and 500. Each team was supposed to select question of specific point from any of the given categories. Negative marking was also there for this round. It was quite interesting round because each team was trying to increase their score by selecting higher point questions.

The winners of the competition were Mihir Thacker, Archana Nair from 1st year and Nirav tank, Digvijaysinh zala from 2nd year.

Overall the magazine presentation and quiz competition was organized very well. It was quite informative and it is definilty going to be beneficial for all students.
